

S-1510-DD & 1560-DD Series

Single or Twin Needle Direct Drive Compound Feed Machine

Overview:

The S-1510-DD and S-1560-DD series is a direct drive or double needle compound feed lockstitch sewing machine with the following features: a high-presser foot lift of 38mm, double capacity vertical-axis rotating hook, semi-automatic lubrication. This model has a newly designed modern rectangular motion forward and reverse feed mechanism for stitching extra-heavy fabrics and up to a 10mm long stitch length.

Applications:

- Suitable for working on heavy-duty materials such as leather, canvas and other heavy fabrics up to 12mm thickness without any need of special mechanical adjustment.

Available in the following working area:

- 1.S-1510-104 (Working Area: 255 x 100mm)
- 2.S-1510-135 (Working Area: 330 x 125mm)
- 3.S-1510-186 (Working Area: 457 x 150mm)
- 4.S-1510-256 (Working Area: 635 x 150mm)
